- 🕒 Your own plastic membership card to identify you as a VIP
- 🕒 As a member, if you introduce a new customer who purchases a marine set up, you will receive a free supplement (you must be present during the purchase)
- 🕒 We are currently pursuing added benefits of members receiving discounts at other businesses and hope to have this program up and running within the next couple of months.
- 🕒 All this for \$100 for 12 months.

## Membership Renewal

- 🕒 When you renew your membership – you will only pay \$75 and will receive a free supplement and another free marine mix.

*\*The 15% discount does not apply when you are using your store credit, only on original purchases. Discounts do not apply to relocations, maintenance, installations, water tests or water purchases or corporate/invoiced accounts. Hold requests still require pre-payment. Memberships only include immediate family members living at the same address. For a replacement marine fish, you must bring in a sample of water and the dead fish within 24 hours of purchase to be considered for replacement. If water quality is not over 90% or the fish has been attacked by other fish, this benefit does not apply. Replacement fish does not apply to tropical or coldwater fish. Memberships cannot be transferred. The plastic card you are issued with remains the property of Tank Aquariums and must be returned if you do not renew your membership. When you see NFDA it means that No Further Discounts Apply- this membership cannot be used in conjunction with any other promotion or discount. Free supplement is chosen by a Tank Aquariums staff member and depends on what stock is readily available. For water supply, you must supply your own buckets. Sometimes due to weather or lots of members requiring water at the same time, we may run out. We endeavour to have it available as much as possible.*
